PROFESSIONAL SUMMARY

Frontend Engineer with **4+ years of experience** building scalable, responsive web and mobile applications using React, Next.js, TypeScript, and React Native. Strong expertise in translating UI/UX designs into high-performance user interfaces, integrating REST APIs, and optimizing frontend performance. Experienced in Agile environments, collaborating with cross-functional teams, and delivering production-ready applications for enterprise and consumer-facing products.

TECHNICAL SKILLS

Frontend Technologies: HTML5, CSS3, JavaScript (ES6+), TypeScript

Frameworks & Libraries: React.js, Next.js, React Native

Styling & UI: Tailwind CSS, SASS, Responsive Design, Design System Implementation

APIs & Data: REST APIs, API Integration

Tools & Platforms: Git, GitHub, CI/CD Pipelines, Sentry

Testing & Quality: Unit Testing, Integration Testing, Code Reviews

Design Collaboration: Figma, Design-to-Code Workflow

Methodologies: Agile Development, Scrum

PROFESSIONAL EXPERIENCE

Lead Frontend Engineer

Forvis Mazars Nigeria | Mar 2025 – Present

- Lead the development of enterprise-grade frontend applications using React, TypeScript, and modern JavaScript.
- Own frontend architecture decisions and ensure alignment with business and security requirements.
- Collaborate with product managers, designers, and backend engineers to deliver reliable, high-quality solutions.
- Translate complex business workflows into intuitive, accessible user interfaces.
- Review code, enforce best practices, and support maintainability across the frontend codebase.

Frontend Engineer

ActiveEdge Technologies | Jan 2022 – Present

- Built and maintained responsive web applications using React and TypeScript, supporting **thousands of active users**.
- Converted Figma designs into reusable and accessible UI components, improving overall usability by **~30%**.
- Optimized frontend performance through efficient component structuring and modern best practices.
- Collaborated with cross-functional teams in Agile environments to deliver features on schedule.
- Participated in code reviews to improve code quality, consistency, and team knowledge sharing.

Frontend Developer (Contract)

Prodevs | Jan 2024 – Sep 2024

- Developed interactive, user-focused interfaces using React and modern JavaScript.
- Worked closely with product and backend teams to implement new features and integrate REST APIs.
- Improved application responsiveness and performance across desktop and mobile devices.
- Wrote unit and integration tests to ensure reliability before deployment.

Frontend Developer / UI Engineer (Contract)

Trackpay Technologies | Jan 2023 – Dec 2023

- Developed scalable web and mobile applications using React.js and React Native.
- Integrated APIs to support payment flows and transaction-related features.
- Supported CI/CD deployment processes to ensure smooth and reliable feature releases.

Frontend Development Tutor (Contract)

Techwave Africa | Jan 2024 – Apr 2024

- Mentored aspiring frontend developers through structured, project-based learning.
- Taught HTML, CSS, JavaScript, React.js, and responsive design fundamentals.
- Guided learners on Git version control, clean coding practices, and collaborative workflows.

Web Development Trainer

Rubies Technology | Aug 2022 – Jul 2023

- Designed and delivered frontend development training programs for beginner and intermediate learners.
- Facilitated hands-on projects to help students gain industry-relevant experience.
- Emphasized clean code, responsive design, and professional development workflows.

Intern Frontend Developer

Activeedge Technologies | Nov 2019 – Feb 2020

- Assisted in building user interfaces using HTML, CSS, and JavaScript.
- Supported bug fixes, feature implementation, and responsive layout improvements.
- Gained foundational experience in version control and frontend best practices.

EDUCATION

Bachelor of Engineering (B.Eng.) – Materials & Metallurgical Engineering

Federal University of Technology, Owerri

2017 – 2023
